Performance Features

SILVER is legendary for its anti-microbial and anti-fungal properties. As moisture is moved through the fabric, our proprietary Ag 47[®] (a silver anti-microbial) attacks the bacteria contained in the perspiration and effectively eliminates odor and harmful bacteria –improving overall hygiene.

Moisture activated. When you sweat, Advanced Cooling provides up to 5 degrees of cooling comfort.

XGO[®] Base Layers are designed to maximize comfort and performance for any temperature or activity. Our Phase 1-5 system helps you choose the layer that's right for you—no matter the conditions.

Please Note: These are suggested product temperature ranges and are only provided to assist you in building your ideal layering system.

acclimate[®]
///DRY

XGO's ACCLIMATE[®] DRY fabrics wick moisture vertically at a rate of 3" in 3 minutes, providing exceptional dry times.

PERFORMANCE FIT

REGULAR

GENEROUS CUT, LOOSE FIT.

Designed to fit regularly for comfort and full range of motion. Neither snug nor loose. Allows for unrestricted movement.

ATHLETIC

CONTOURED TO BODY.

Fits close to the body but does not constrict. Moves with the wearer for better mobility. Perfect worn under tactical vest.

COMPRESSION

COMFORTABLE COMPRESSION.

Designed to support and enhance muscle movement and promote circulation. Best garment for intense activity.

PRODUCTS WITH ELASTIC THUMB LOOPS ARE MARKED WITH ✳

MONTANA WOOL

Compared to most other fabrics, Merino wool provides these benefits:

- Wool is a natural fire resistant fabric that will smolder and extinguish itself providing No Melt - No Drip protection.
- Best warmth to weight scale compared to other wools partially because of smaller fibers that traps heat.
- Natural thermal regulation especially when worn directly against the skin.
- Retains warmth even when wet.
- Absorbs moisture and wicks sweat away.
- Natural odor-resistant properties.

MONTANA WOOL 1.0

ATHLETIC FIT

100% MERINO WOOL WEIGHT 152 GRAMS/18.5 MICRONS

Lightweight, breathable wool fabric with athletic fit construction. Impeccable comfort with dropped shoulder seams and 2" extra length (tops). Designed for a wide range of temperatures and unrestricted movement. Great thermal properties.

 60% ACCLIMATE® DRY POLYESTER 15% TENCEL 10% PURTHREAD® SILVER WEIGHT 5 OZ/SQ YD

LAW ENFORCEMENT'S FAVORITE TACTICAL TEE

PurThread® is a novel anti-microbial fiber that improves on earlier technologies by embedding powerful, safe silver directly into the core of the fiber rather than coating it on or weaving it in. The result is high-performing fabric that constantly protects against destructive and odor-causing bacteria. And PurThread® anti-microbial protection never washes off or wears away.

DESIGNED TO BE WORN UNDER A VEST.
