Journey to Perfection

Helikon-Tex® was established in Poland in 1983. During our first decade, our business activity was primarily focused on the sale of military surplus equipment. In order to better serve the demands of current and potential customers, we started our own military/paramilitary and outdoor clothing production in 1999. Our products are proof that the decision was right, which is why we are proud to offer you a wide range of uniforms, tactical clothing, backpacks and equipment that have gained special recognition among soldiers, policemen, law enforcement officers, and survival and outdoor enthusiasts all over the world.

At Helikon-Tex® we strive to deliver cutting edge designs by matching our enthusiasm for perfection with demanding expectations.

You're welcome to join us on our journey to perfection.

URBAN
LINE

SAN FRANCISCO,
CALIFORNIA

Urban Line is our take on both the challenges and routines of a modern world – merging tactical, sporting and EDC (every day carry) elements into one. Pants, daypacks, light casual garments – they are all oriented to give you sharp looks and enough space to hold all your daily stuff. "Low Profile" is a rule we follow with our new Urban Line designs.

NEW DEFENDER MK2 GENTLEMAN SHIRT®

Just because you all about being tactical doesn't mean you can't look stylish and classy at the same time. That's why we created the Gentleman's Shirt, versatile wear that looks equally great with your favorite pair of jeans, urban pants, or even a casual suit. However, it's also hiding a few chest pockets for storing essential gear and has a looser frame to let you conceal and carry with discrete comfort. With the Gentleman, you'll never have to sacrifice style or functionality.

DEFENDER MK2 SHIRT®

Adding protection to your body shouldn't be at the cost of comfort or style, which is why the Defender shirt series is designed to maximize your freedom of movement while discretely hiding low-profile body armor or an IWB/OWB holster. What's more, they even feature small pockets for storing tactical or survival gear without adding bulk. Available in both long and short sleeve versions to help you adapt to any weather condition, these breathable shirts are made with quick-dry, rip-stop fabric that supports everything from combat mission to shooting range outings to enjoying a day out with friends.

UTL POLO SHIRT®

Sometimes a T-shirt just doesn't provide you the same cool, comfortable confidence as a great Polo. But a golf Polo isn't what a true tactician needs for daily wear. That's why we developed the UTL Polo Shirt® designed with lightweight, breathable Top Cool fabric that helps you relax when you're under pressure and baking the summer heat. It also features a small loop for sunglasses and sleeve pockets for added functionality, giving you the ultimate shirt for both comfort and tactical accessibility.

URBAN HYBRID SOFTSHELL JACKET®

A trendy, outdoor outer garment that combines style and functionality in a unique way, the Urban Hybrid Softshell Jacket® is lightweight and comfortable but also provides better protection against rough elements or environments. That's because it uses a combination of three unique fabric types, including a lightweight, breathable softshell for wind and rain, as well as an inner fleece layer to provide much-needed warmth. The versatile pockets also allow you to organize and carry gear with you comfortably, making it ideal for both EDC gear or in addition to your BOB.

kit list:
GREYMAN TACTICAL JEANS®

GREYMAN TACTICAL JEANS®

A more rugged, low-profile version of our Greyman Tactical Pants®, these denim stretches are lightweight, durable, and stretch to support every knee bend, crouch, or tactical movement. In other words, they look like a classic pair of jeans but still maintain the pocket pattern and preparedness level you need to protect yourself or your family at a moment's notice. Complete with reinforced thread stitching and stretchable denim fabric, these are the perfect balance of functionality and comfort.

BAIL OUT BAG BACKPACK®

When the mission gets a little “FUBAR” or you’re stuck in survival mode to ensure you make it out alive, you need a Bail Out Bag® (BOB) that keeps essentials at the ready. This BOB® is the ultimate bag for survivalists or tactical specialists who need a smarter, more discrete design without the PALS webbing, loop panels, tactical patches, or “tactic-cool” gizmos on the outside. In fact, it opens flat or attaches to the back of a seat and reveals mesh pockets, MOLLE/PALS webbing, an addition seating mat, and everything else you’d need for a crisis. More importantly, it morphs back into a backpack in seconds to provide a low-profile form for a quick getaway.

RANGE POLO SHIRT®

Have you ever lifted your arms to take aim at a target only for your sleeves to hinder shoulder or bicep movement and ruin your target acquisition? If so, you need these advanced Polo Range Shirts® that are made with a stretchable, moisture-wicking fabric that keeps you cool, classy, and ready to fire without restrictions. Designed with VersaStretch® side panels to give you even more stretch and flex comfort, these classic Polos with zippered collars are made for fast-paced environments.

HYBRID TACTICAL PANTS®

Freedom of movement is essential to your personal safety and success, be it moving around on the shooting range between targets or having to quickly go prone, kneel, crouch, or shoot behind cover. That's why we developed breathable, durable HTP® pants with stretch panels that let you flex, run, and move with superior mobility and support. Complete with quick-access and zippered pockets, as well as low-profile sections for protective pad inserts, these are the most versatile range pants possible.

BACKBLAST MAT®

When you're lining up that 500-yard shot there are few things more important than your stability, especially when you're lying on the ground trying to line up the perfect shot. That means keeping you off the cold, wet ground that can make you shiver or off sharp rocks that can dig into your elbows. The large Backblast Mat® with anti-slip knee and elbow pads is lightweight and portable, but strong and thick enough to help improve your stabilization on all types of terrain. Tough enough for rocks, sands, grass, snow, and everything else, these versatile ground mats with additional Y-strap help improve your bipod and body positioning for greater accuracy—ideal for long-distance shooters.

ACCURACY SHOOTING BAG®

When you're a shooter that isn't relying on a bipod to enhance your stability, you still need a smart, easy way to help you maintain position and control for a clean shot. That's why we created Accuracy Shooting Bags® that add firm balance that can be adjusted to your specific shooting needs, be it the front of the rifle or under the butt stock. Crafted with heavy-duty Cordura 500D fabric and anti-slip panels, these bags come in multiple sizes and shapes to suit your every outdoor firing range need. And because they can easily be filled with basic sand, they're easy to use at home or at the range.

NEW BACKBLAST MAT® EXTENDED

For a shooter, there are few things more rewarding than landing that long-distance shot. But to land those sniper rounds at serious range, it takes more than a good rifle and great optics; you need a premium shooting mat. Backblast Mat® Extended shooting mat can help improve your stability, focus, and comfort, especially when you're on soft grass or sand, to keep your bipod steady and to help you maintain your breathing. Crafted with durable, yet lightweight Cordura® 500D, with numerous anti-slip patches and loop panels for attaching accessories and ammo pouches, our thick, foam padding will keep you off the cold, rugged terrain to make shooting more fun and shots more accurate.

PISTOL/RIFLE EXERCISE/QUALIFICATION TARGET®

Putting rounds downrange is why we go to the shooting range in the first place. But we all have that competitive spirit and drive to be more accurate, which is why you need targets that can be used for shooting drills, zeroing in weapons, and even for a little friendly competition. Available in pistol or rifle/carbine formats, these paper targets let you assess your progress and even feature step-by-step drill instructions on how to excel at shooting. Crafted using thick, offset paper, they'll hold up against high-caliber rounds without tearing and provide highly-visible marks even from distance.

SINGLE/DOUBLE PISTOL WALLET®

Not every US state or country allows you to concealed carry, even when you're just heading to the range. But you don't want your pistols rolling around loose in a bag or backpack where they could get scratched or take damage either. That's why we created Pistols Wallets® in single and double configurations to help secure your weapon, even with mounted optics or flashlights, with safe, reliable security. And with large loop panel patches that let you mount them to gun safes, and a velour-covered interior compatible with the Versatile Insert System for spare magazines, you can always keep your weapon at the ready.

TWO POINT CARBINE SLING®

A good weapon sling is a crucial element to your equipment because it provides hands-free carrying and quick access to your firearm both at the range and when you're on mission. It also allows you to rest your hands and prevents your weapon from falling or getting damaged if you quickly transition to a side arm. That's why this 2-point Carbine Sling® is made for firers of all skill levels. Designed with 1" nylon webbing, a wide, foam padded shoulder pad, and even weight distribution, it's made for supporting firearms and the trigger pullers. The small hook-and-loop closed pocket also allows you to carry small, essential gear, while the adjustable design better suits your silhouette or equipment.
